

THANK BIG

KIM NEEL AND SHERRY NORRIS
Owners of Alala, a Unique Boutique for Today's Surviving Woman in Columbia, SC

We understand our clients intimately. Now we understand how to expand our business.

When Kim and Sherry started their business of supporting breast cancer survivors, they had lots of enthusiasm and compassion. What they needed to grow was more business know-how. That led them to FastTrac®, the award-winning training program of the Ewing Marion Kauffman Foundation that provides practical business development programs to help entrepreneurs succeed in their businesses. RBC Insurance is proud to support the FastTrac® program—because we know it's the spirit of entrepreneurialism that fuels our state's economy. So believe in your idea and go for it—on the FastTrac®!
